

**Thank you for participating in REWIND. Because of your efforts today, you have prevented dangerous materials from going into landfills, and have ensured that your old electronics will be recycled in a safe and secure way.**

This event is made possible by volunteers with the donations and support from our sponsors and the community. Funds raised are used to provide educational outreach, secure appropriate permits, and raise awareness by promoting the event.

Donations are appreciated, and will go toward financing the next Red Lodge electronic recycling event. If you like, you may support REWIND by leaving a donation in the jar near the unloading area today, or you may designate REWIND as a recipient for your Fun Run contribution.

To donate to REWIND online through the Fun Run, see <https://runsignup.com/Race/Donate/MT/RedLodge/FunRunforCharities>
